

Enterprise Tablet Lite™ Base

We've expanded our design innovation and retail security expertise into the enterprise tablet marketplace, creating a fully integrated system that offers complete security, integration and connectivity — all while maintaining the mobility, simplicity and ease-of-use that makes the tablet such a revolutionary tool for businesses.

Enterprise Tablet Lite™

Base

Multiple orientations that rotate to portrait or landscape orientation – Swivel rotation from 180° to 0 to 180°. Tilt 90° for 'table top' orientation. Quick release with integrated hand strap behind case — allows easy, single-hand hold and carry. Unlocks with one swipe of a card for single hand release. Auto-locks when inserted into base, so tablet is secure and charging.

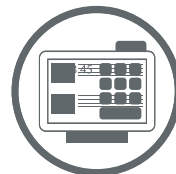

Additional Details

- Universal connection base secures and powers the tablet, making it easy to set up
- Turns tablets into fully functional workstations
- Enterprise Tablet Case™ keeps the tablet secure and protected while being fully functional
- Protects tablet against drops, falls, and wear-and-tear
- Allows full access to ports, whether docked or undocked
- Easy Release RFID Card Locking Technology
