Accessories

PoE to USB Power Adapter

Product SKU:

AOA03011 (Black)

MSRP: \$99 USD

Features:

- 48 V to 5 V Converter
- Don't pay expensive electrician costs, PoE allows IT professionals to install at minimal costs
- Standard CAT-5 Power over Ethernet Cable to USB Cable
- Low profile design
- Compatible with Apple, Windows, or Android Kiosks
- Available in mounting case or bare board
- Transfer power and data simultaneously to Android devices using OTG(On-the-go) technology
- Learn about how to incorporate this technology into the Door Frame
- iPad Mini enclosure 802.3af/802.3at Standard Compliant
- RoHS Compliant
- Made in the USA

USB to USB 6ft Extension Cord

Product SKU:

AOA03516 (Black)

MSRP: \$19 USD

Features:

- The purpose of our USB to USB extension cable is to keep your tablet connected to your other devices out of reach for most USB cables. This USB cable is perfect for deploying tablets in locations that aren't built to support the power and connectivity demands of today's technology.
- 6ft long
- Male to female USB connectors
- USB 3.0 compatible

Kensington ClickSafe Lock

Product SKU:

AOA01711 (Black)

MSRP: \$36 USD

Features:

- With laptop and cable security leader Kensington you can feel confident knowing that your enclosure and device are protected and secure. This 6 ft cable incorporates Kensington ClickSafe technology, which we have integrated into each of our tablet enclosures and stands.
- 6 ft carbon strengthen cable
- 2 Keys, free online registration for key replacement through Kensington
- CSA piece included which connects to device case
